EXPERIENCE

Client Services Technician III

RedSail Technologies

November 2020 - Present

Key Qualifications & Responsibilities:

- Monitored and maintained an environment of 16+ Linux servers that together built a data driven Java web application that enabled retail pharmacies and long term care facilities to analyze their data to make better business decisions.
- Troubleshooted data transmission errors across various transmission methods including secure file transfer and REST API.
- Assisted clients with day to day technical questions and issues with the application over email and phone, prioritized and tracked in Microsoft Dynamics ERP.

Lambda School Team Lead

REMOTE

January 2020 - September 2020

Key Qualifications & Responsibilities:

- Mentored and guided a team of students through Lambda School curriculum.
- Facilitated daily team stand ups to analyze and assess project progress and outcomes.
- Conducted daily module and sprint one-on-one code reviews with team members.
- Served as first point of contact for team members' Lambda School support.
